### **About the event:**

The Supper Club is a unique event. It's a fundraising dinner with an after-party – as the dinners could take place in any one of London's top restaurants, everyone's experience of this special night will be different!

Each November, London's top restaurants pledge their support to The Supper Club. Supporters host a dinner party at one of them, their guests buy the tickets, and we supply an exclusive after-party. This year's exclusive after-party will be held at The Box, Soho and will include Celeb DJs. Last year, we had Jodie Harsh, MNEK and more on the decks.

The Supper Club is a staple event in Terrence Higgins Trust's Special Events Calendar, and we look forward to having new members of the committee to help us grow and develop the event.

### **The ideal candidate**

The ideal candidate for the Supper Club committee will be friendly and outgoing and will demonstrate a willingness to use their connections to help achieve the end goal.
